Pamela, a Certified Reiki Master/Teacher, Feng Shui Consultant, Artist, & Writer, expresses her passion for spiritual travel and the mysteries of ancient cultures to offer travelers educational enrichment as well as personal healing & spiritual renewal.

Pamela's philosophy on spiritual journeying is that each tour adventure is a powerful and integrative healing experience which broadens the traveler, bringing to each person a greater sense of inner peace & integration.

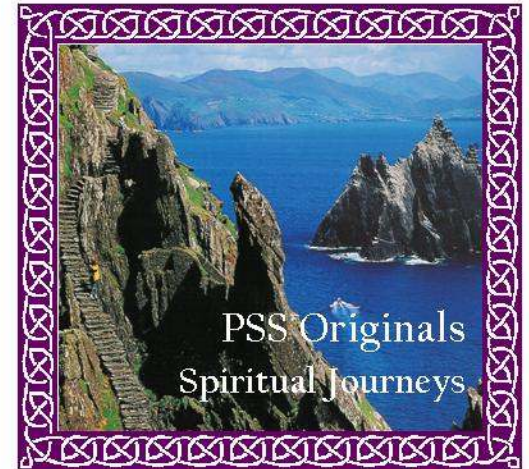

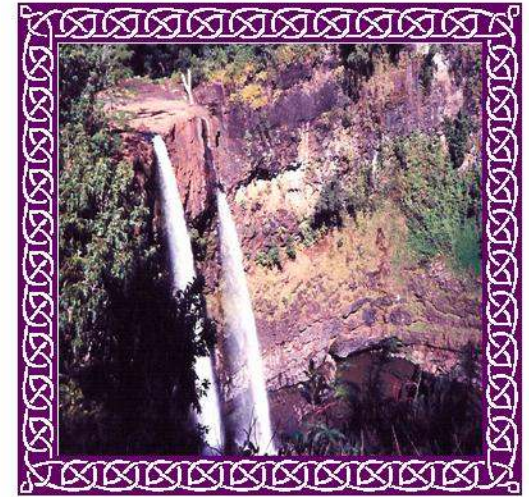

*PSS Originals* tours are uniquely created to be 'journeys of enlightenment'. Pamela's perspective is that laughter & celebration are powerful medicine. "The more joy we begin to integrate, the more love we can create; & in this process, the more whole we become. When spiritual travel is experienced as a fun-filled group adventure, every journey becomes a sacred passage."
